

REAL ESTATE INVESTMENT PROPOSAL

Executive Summary

Evolution Global Projects is launching a real estate initiative focused on developing and selling room and parlor self-contained apartments in 3-4 floor buildings, located in rapidly developing suburban areas of Nigeria. These units will be offered in three standards-basic, modern, and luxury-to appeal to a wide range of income groups. Each apartment will be sold directly to homeowners and investors seeking rental income.

We seek funding to acquire land, construct buildings in phases, and market the properties effectively.

Business Overview

Business Name: Evolution Global Projects

Business Model: Property development and sales

Target Locations: Suburban areas around Benin City, Asaba, Ibadan, Abuja outskirts, etc.

Target Buyers: Young professionals, middle-income earners, retirees, and rental investors

Market Analysis

- Housing Gap: Nigeria faces a housing deficit of over 20 million units. Demand is especially high in suburban areas where land is more affordable.
- Target Income Brackets:
 - Basic units: N6M-N8M
 - Modern units: N9M-N11M
 - Luxury units: N12M-N15M
- Urban Migration: Many Nigerians are moving to cities, increasing demand in affordable but livable suburban communities.

Product Offering

Each building will contain:

- 8-12 apartments
- Room and parlor self-contained design
- Parking space, water, and electricity supply (solar backup optional)

REAL ESTATE INVESTMENT PROPOSAL

Standards:

- Basic: Cement screed floors, metal doors, basic kitchen and bathroom fittings
- Modern: Tiled floors, POP ceilings, water heater, better fittings
- Luxury: Premium tiles, custom kitchen cabinetry, A/C piping, interlocked compound

Marketing & Sales Strategy

- Offline: Signboards, local agents, flyers at motor parks and markets
- Online: Facebook and WhatsApp ads, Buka Joints app integration, YouTube walk-throughs
- Partnerships: Cooperatives, microfinance banks, diaspora agents
- Incentives: Early bird discounts, installment payment plans

Operational Plan

- Phase 1: 2 buildings in Benin suburb
- Phase 2: Expand to 2-3 other cities
- Construction Duration: 5-6 months per building
- Team: Architect, foreman, marketers, sales admin, local agents

Financial Plan & Projections

Example for 1 building:

Item	Cost (Naira)
----- -----	
Land acquisition	5,000,000
Architectural & permits	1,000,000
Construction (12 units)	40,000,000
Branding & marketing	1,000,000
Total Cost	47,000,000

Expected Sales Revenue (Modern Units @ N10M x 12): N120,000,000

Profit Before Tax: N73,000,000

ROI: ~155% in 8 months

REAL ESTATE INVESTMENT PROPOSAL

Funding Requirements

We seek an initial investment of N50,000,000 to fund the first development phase.

Investor options:

- Equity stake in profits per building
- Fixed return agreement (e.g., 30% ROI in 10 months)

Risk Analysis

Risk	Mitigation
----- -----	
Inflation & cost hikes	Lock in bulk material supply upfront
Sales delay	Flexible pricing & promo campaigns
Regulatory hurdles	Use local professionals for compliance

Appendix

- Sample floor plans
- Project timelines
- Legal titles of land
- Preliminary architectural renderings
